

ONE APPLICATION. EVERY FORM, COMPLETED.

A prospect answers a single branded application on any device. When they submit, Lexington's own credit application, certificate of exemption, and freight agreement come back filled in and signed, ready for the new account desk.

WHAT THE PROSPECT SEES

WHY IT MATTERS

- **Nothing re-keyed.** Company, contacts, ship-to hours, tax number, and freight election are typed once and land on each Lexington form in the right box.
- **Complete packets.** The application will not submit without the entity type, a delivery schedule, a tax certificate on file, and a signature, so the new account desk stops chasing missing pages.
- **Freight and tax done right.** The

WHAT THE REP AND LEXINGTON RECEIVE

CREDIT APPLICATION Designer (pay by card) or full net-30 version	E-595E Certificate of exemption, signed, with multistate page	FREIGHT AGREEMENT 2026 program rates, signed, when elected	CERTIFICATE The customer's state resale document	SUMMARY One-page record of every answer, plus data file
--	---	--	--	---

The rep reviews the packet, completes the internal checklist from the same data, and forwards to newaccount@lexington.com. Multiple ship-to locations attach automatically as an addendum.

prepaid freight rate
for the ship-to state,
the fixed-value
table, and the
claims rules are
shown before the
customer agrees;
the E-595E is
completed with
Lexington as seller.

- **No card data
online.** Trade
accounts see how
card details are
collected by the
credit department;
the site never asks
for a number.
